

1. **ACCEPTANCE:** This Order constitutes Signature Science, LLC's (herein after referred to as "Buyer") offer to Seller and is not an acceptance or a confirmation. This Order becomes a binding contract on the terms set forth herein when it is accepted by Seller either by written acknowledgment or the commencement of performance. Seller's acceptance is limited to the exact terms of this Order. Any additional or conflicting terms and conditions stated by Seller in accepting, acknowledging, or performing this Order are objected to and hereby rejected, and the same shall not be binding upon Buyer unless expressly accepted in writing by Buyer. No revision to this Order shall be valid unless in writing and signed by an authorized representative of Buyer.

2. **DELIVERY:** Deliveries shall be strictly in accordance with the schedule set out or referred to in the Order and in exact quantities. If Seller's deliveries will not meet such schedule, Buyer may request Seller to ship via routing necessary to meet schedule or recover time lost by delivery not on schedule, and the difference between revised routing and order routing costs shall be paid by Seller. Time is of the essence, and failure by Seller to complete delivery within time specified shall, at Buyer's option without liability, relieve Buyer of any obligation to accept and pay for any such material or work.

3. **RISK OF LOSS:** Unless this Order specifically provides otherwise, risk of loss or damage to the goods provided under this Order shall remain with Seller until delivery F.O.B. destination.

4. **INVOICES AND PAYMENT:** Unless otherwise provided in this Order, no invoices shall be issued nor payments made prior to delivery and acceptance. Individual invoices must be issued for each shipment under this Order. Unless freight and other charges are itemized, any discount will be taken on the full amount of invoice. All payments are subject to adjustment for shortage or rejection. Seller shall submit its final invoice promptly upon completion of the Order, but in no event later than sixty (60) days following completion of the specifications as stated herein. Buyer shall have no responsibility or liability for payment to Seller if Seller fails to submit its final invoice within the sixty (60) day period.

Final inspection will be made at a reasonable time after receipt of the Items or Services. Final inspection shall be conclusive except as regards latent defects, fraud and such gross mistakes as amount to fraud. Seller shall furnish to Buyer, if requested, all information and data as may be reasonable by Buyer in order to perform inspection and acceptance. Final inspection does not relieve Seller of its obligation under any Warranties herein or as may be provided by law. (B) In case any Item is defective in material or workmanship, or otherwise not in strict conformity with the requirements of this Order, Buyer shall have the right either to reject it, require its correction, or accept the Item with an equitable adjustment in price. Any Item which has been rejected or required to be corrected may be returned to and shall be replaced or corrected by and at the expense of the Seller, including transportation charges as well as including any costs incurred by Buyer and/or any costs incurred by a third party under the control or direction of Buyer for effort that may be required to enable Seller to re-perform in strict conformity with the requirements of this contract, promptly after notice. If after being requested by Buyer, the Seller fails to promptly replace or correct any defective Item within the contractual delivery schedule, Buyer may (i) by contract or otherwise, replace or correct such Item and charge to the Seller the cost occasioned Buyer thereby; (ii) without further notice terminate this Order for default, in accordance with the clause hereof titled "Termination"; or (iii) require a reduction in price which is equitable under the circumstances. (C) If any Services performed hereunder are not in conformity with the requirements of this Order, Buyer shall have the right to require the Seller to perform the Services again in conformity with the requirements of the Order, at no additional increase in total Order price. Seller shall also be responsible for any costs incurred by Buyer and/or any costs incurred by a third party under the control or direction of Buyer for effort that may be required to enable Seller to re-perform in strict conformity with the requirements of this contract. When the Services to be performed are of such a nature that the defect cannot be corrected by re-performance of the Services, Buyer shall have the right to (i) require the Seller to immediately take all necessary steps to insure future performance of the Services in conformity with the requirements of the Order; and (ii) reduce the Order price to reflect the reduced value of the Services performed. (D) In the event the Seller fails promptly to perform the Services again or to take necessary steps to insure future performance of the Services in conformity with the requirements of the Order, Buyer shall have the right to either (i) by contract or otherwise have the Services performed in conformity with the Order requirements and charge to the Seller any cost occasioned to Buyer that is directly related to the performance of such Services; or (ii) terminate this Order for default as provided in the clause of this Order

entitled "Termination." (E) Rejected Items or Services may not be re-tendered to Buyer by Seller without the prior written notice and approval of Buyer.

6. **CHANGES:** (A) Buyer shall have the right at any time, by a written change notice issued by Buyer to make changes in this Order relating to the goods or services provided. (B) If any such change affects the time for performance, the cost of manufacturing, or the cost of furnishing services, Buyer shall make an equitable adjustment in the Order price or delivery schedule, or both, and the order shall be modified in writing accordingly. Any claim by Seller for an equitable adjustment must be submitted to Buyer in writing within ten (10) days from the date of receipt by Seller of the notification of a change or of any event thought to constitute a change. Nothing herein contained shall excuse Seller from proceeding with this Order as changed even though a mutually agreed price and/or delivery change has not been reached.

Any attempt by Seller to limit, disclaim, or restrict any such warranties or any remedies of Buyer, by acknowledgment or otherwise, in accepting or performing this Order, shall be null, void, and ineffective without Buyer's written consent. Said warranties, together with Seller's service warranties and guarantees, shall inure to the benefit of Buyer, its successors, assigns and Customers. Seller agrees to indemnify Buyer, its successors, assigns and Customers from all liability, loss, cost, damage, or expense, including costs and attorney's fees, which any or more of them may suffer or incur as a result of Seller's breach of any such warranty or of any other term or condition of this Order. Inspection, tests, acceptance and/or payment thereunder shall not relieve Seller from any liability which exists under its warranties or any other term or condition of this Order. The warranties and remedies provided for in this paragraph shall be in addition to any provided by law.

8. **INDEMNIFICATION:** Seller shall take all necessary precautions to prevent the occurrence of any injury to persons (including death) or damage to property during the progress of the work and shall defend and indemnify the Buyer, its successors, assigns and Customers against any claim which may result in any way from any act or omission of Seller, its agents, employees or subcontractors in performance of work hereunder. Seller shall defend, at its sole expense, any suit or proceeding brought against Buyer or its Customers which is based in whole or in part on a claim that any goods or services, or any part thereof, furnished by Seller under this Order constitutes an infringement of any United States patent, copyright, trade secret or other proprietary right of a third party. Seller shall pay all damages and costs awarded therein provided Seller is notified promptly in writing and given authority, information and assistance (at Seller's expense) for the defense of same. In the event that the use of said goods or services, or part thereof, is held to constitute an infringement of any patent, copyright, trade secret or other proprietary right and the use thereof is enjoined; Seller shall, at its own expense, either procure for Buyer the right to continue using such goods or services, replace the same with non-infringing goods or services meeting Buyer's requirements, or modify the goods or services so as not to infringe goods or services meeting Buyer's requirements, or modify the goods or services so as not to infringe upon such third party's rights.

Payments made under this paragraph shall not exceed the aggregate price payable by Buyer for finished goods which would be produced by Seller under delivery or release schedules outstanding at the date of termination. Within thirty (30) days from the effective date of termination, Seller shall submit a comprehensive termination claim to Buyer, with sufficient supporting data to permit Buyer's audit, and shall thereafter promptly furnish such supplemental and supporting information as Buyer shall request.
